Hi!

I'm a Creative Technologist and Developer with 20+ years of experience building interactive digital experiences, campaign websites, and motion-driven content for global brands including L'Oréal (Kiehl's), Elizabeth Arden, Armani Exchange, and Hearst Communications.

I combine strong visual design with front-end development to prototype and deliver engaging digital experiences.

Portfolio highlights include motion-driven web experiences, interactive campaign concepts and front-end creative development.

CORE SKILLS

Creative Technology

- Interactive Digital Experiences
- Creative Coding
- Rapid Prototyping
- Digital Campaigns

Design & Creative

- Digital Design
- Art Direction
- UI/UX
- E-commerce
- Motion Graphics
- Branding
- Responsive Design

Front-End Development

- HTML5
- CSS3 / SCSS / SASS
- JavaScript / jQuery
- GSAP
- React (working knowledge)

Tools

- Adobe Creative Cloud, primarily:
 - Photoshop
 - Illustrator
 - InDesign
 - After Effects
- Figma
- Sketch
- InDesign

PROFESSIONAL EXPERIENCE

Digital Designer / Creative Technologist

Kiehl's (L'Oréal USA)

2021 - 2025

- Designed digital campaign assets and landing page content for the global Kiehl's e-commerce platform
- Implemented campaign layouts and visual updates within front-end templates using HTML and CSS
- Collaborated with marketing and development teams to support global product launches and seasonal campaigns
- Produced motion graphics and lightweight web animations for select promotions, expanding the brand's use of animated digital content
- Maintained visual consistency and responsive behavior across desktop and mobile web experiences

Freelance Creative Technologist / Digital Designer

Elizabeth Arden

2012 - 2017

- Designed and built mobile websites, email campaigns and digital marketing experiences
- Produced motion graphics, animations and interactive brand content
- Developed microsites and digital experiences using HTML, CSS and JavaScript

Freelance Digital Designer / Creative Technologist

Armani Exchange

2010 - 2012

- Created responsive layouts for digital campaign experiences and marketing assets
- Designed and developed responsive and mobile-friendly microsites supporting fashion e-commerce initiatives
- Distinction: AOL/KBS Project Devil Competition Winner

Designer / Creative Technologist

Hearst Digital Media

2008 – 2009

- Designed promotional experiences and interactive content for major publications including *Seventeen* and *Cosmopolitan*
- Produced interactive campaign media supporting editorial marketing initiatives

Art Director

MRM (McCann Worldgroup)

2005 – 2006

- Developed digital campaign concepts and executions with copywriters and creative teams
- Produced storyboards and visual concepts for campaigns serving major brands including GM, Intel and Wendy's

INDEPENDENT PROJECTS

Capture the Movement

- Designed brand identity and built a nonprofit showcase website using Wix
- Extended functionality with Velo (Wix's scripting environment) to customize layout behavior and content presentation

Ichiban Yofuku

- Concept fashion e-commerce site exploring brand storytelling and product presentation
- Built using Wix and extended with Velo scripting to customize page structure and UI behavior

MiMi

- Experimental brand site exploring visual identity, layout systems and interactive content modules using Wix and Velo scripting

Kawaii SquirrelBit – WebGL Maze Experiment

- Modeled a 3D character and maze environment in Autodesk Maya
- Developed a browser-based WebGL prototype in Unity, exploring real-time navigation and spatial interaction
- Technologies: Unity, Maya, WebGL, C#
- Live Demo: WebGL Maze Prototype – shigimcp.com/squirrelbit

TECHNICAL EXPLORATION

- Interactive animation experiments using GSAP and JavaScript
- Browser-based 3D prototyping using Unity and WebGL
- Custom interaction scripting using Velo by Wix within the Wix platform
- Ongoing exploration of creative coding workflows combining motion, UI/UX and front-end development

EARLIER EXPERIENCE

- Art Director, Designer and Front-End Developer roles with agencies and media companies including:
 - Darwin Digital (a Saatchi & Saatchi Vision Company)
 - Luminant Worldwide
 - Style.com (Condé Nast)
 - Harper's Bazaar
- Worked with major brands including GM, Intel, Wendy's, Procter & Gamble and A&E Networks.

EDUCATION

Columbia University

School of Engineering and Applied Science

BS Mechanical Engineering
